Editorial	iii
B.M. LE BOEUF, H. PÉREZ-CORTÉS M., J. URBÁN R., B.R. MATE AND F. OLLERVIDES U. – High gray whale mortality and low recruitment in 1999: potential causes and implications.....	85
J. URBÁN R., A. JARAMILLO L., A. AGUAYO L., P. LADRÓN DE GUEVARA P., M. SALINAS Z., C. ALVAREZ F., L. MEDRANO G., J.K. JACOBSEN, K.C. BALCOMB, D.E. CLARIDGE, J. CALAMBOKIDIS, G.H. STEIGER, J.M. STRALEY, O. VON ZIEGESAR, J.M. WAITE, S. MIZROCH, M.E. DAHLHEIM, J.D. DARLING AND C.S. BAKER. – Migratory destinations of humpback whales wintering in the Mexican Pacific.....	101
C. GARRIGUE, P. FORESTELL, J. GREAVES, P. GILL, P. NAESSIG, N.M. PATENAUDE AND C.S. BAKER – Migratory movements of humpback whales (<i>Megaptera novaeangliae</i>) between New Caledonia, East Australia and New Zealand.....	111
J.W. DURBAN, D.A. ELSTON, X. LAMBIN AND P.M. THOMPSON – A role for Bayesian inference in cetacean population assessment	117
A.E. PUNT AND D.S. BUTTERWORTH – Why do Bayesian and maximum likelihood assessments of the Bering-Chukchi-Beaufort Seas stock of bowhead whales differ?	125
K.T. MURRAY, A.J. READ AND A.R. SOLOW – The use of time/area closures to reduce bycatches of harbour porpoises: lessons from the Gulf of Maine sink gillnet fishery	135
K. REID, A.S. BRIERLEY AND G.A. NEVITT – An initial examination of relationships between the distribution of whales and Antarctic krill <i>Euphausia superba</i> at South Georgia.....	143
A.E. PUNT, D.S. BUTTERWORTH AND S. WADA – On the use of allele frequency data within a Bayesian framework: evaluation of the relative probabilities of alternative stock structure hypotheses for North Pacific minke whales .	151
Guide for authors	vii
